

# First Class

## End of Session Special

July 2020

Issue 74

Honesty

Respect

Happiness

Achievement

### End of Session

Everyone has been working so hard at home over the past 15 weeks. We wanted to celebrate some special moments from this year with you all!

#### Nursery

Community Explorers – At nursery we love to get outside and explore and learn about our community. We learnt about what happens at the post office, in the restaurant, we even visited the shop for some water for our picnic in the park. We also learnt about road safety and we are very good at staying in our pairs and walking behind each other.

Muddy Mondays – Every Monday no matter the weather we enjoy going a walk to the woods. We get wrapped up and pack a snack and head over to the woods. At the woods we enjoy making dens, singing songs and going on bug hunts.

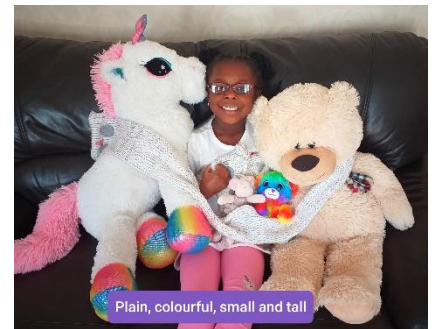

Quinn has enjoyed interacting with us on our Facebook page during this pandemic. She made some lovely looking Minnie Mickey mouse Watermelon fruit snacks.

### P1H

P1H have been looking at Safety, Caring, Achievement, Resilience and Friendship or SCARF. This term we have focussed on Mental, Emotional, Social and Physical Wellbeing. We have looked at ways in which we are the same and ways in which we are different. The class listened to the story of Harold Shares his Scarf about how Harold cheers up his friends by telling them it is good they are all different. Eliana had fun re-telling the story using her teddies. We also looked at Growth Mindset and bouncing back when things go wrong. The children reflected on things that they found hard to do and that with patience and practise they can achieve their goals. When children make models, they often discover that they need to try different ideas and methods to produce what they want. In these photos, Callum used an old belt pulley from his dad's car, a soup can, tape and drinks bottles to make a model that moves when it rains.

Plain, colourful, small and tall

Angel is working very hard at home to practise his common words.

Well done P1H! Mrs Hendry and Mrs Paterson are very proud of all your achievements this year!

## P1M

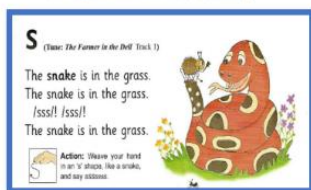

We have had a fantastic year in P1M. Our learners have been enthusiastic, hard working and have developed new skills. We wanted to share a few moments of our time in P1M.

We have enjoyed our trips to the woods this year. We have explored nature, made pictures with natural materials, built dens for animals and learned how to stay safe while exploring the woods.

We have enjoyed forming new friendships in Primary 1. We have developed our skills in co-operating, sharing and compromising with others and have had lots of fun along the way!

We have learned lots of new things in P1M. We are all experts at our phonics, particularly the very catchy Jolly phonics songs.

Thanks for a fantastic year P1M! Good luck in Primary 2.

## P2/1

Our favourite memory of P2/1 was when we went on our class trip. We took a bus to Aberdeen, along with P2M and P2L, where we visited Asda and Frankie & Benny's.

Everyone got a tour of the Asda warehouse – the freezers were really cold! We also got to do some food tasting and scanned some items on the checkout, with our very own shopping receipt to keep as a souvenir.

In Frankie and Benny's we got to be chefs for the day and make our own pizzas. They were very yummy. Thank you again to all the mums who came to help on our trip. We had lots of fun!

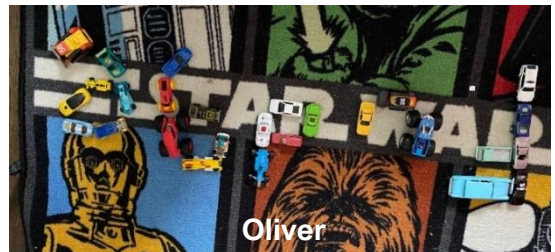

## P2L

Here are photos from our last topic and our school trip when we were learning about where food comes from, learning about how to have a balanced diet, sorting food into food groups and how to prepare food safely.

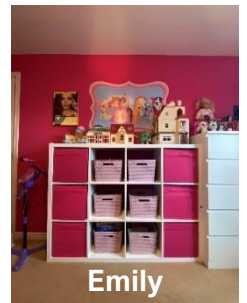

## P2M

One of my favourite memories of working with P2M was our learning focus on staying healthy. We enjoyed so many different learning opportunities and experiences under this one heading. The photos show our first kneading experience when making playdough, before we became expert bread bakers! Our increasing knowledge of food groups, aiming for 5-a-day, drinking water, exercise and sleep leads towards whole body health and well-being for now and the future. I am so proud of the progress, effort and enthusiasm every one of you have shown during our year together 🍷

Oliver

showing 4X3 or 3X4 when they looked for multiplication examples around the home with the final photo showing a fantastic piece of art using only materials they found in their gardens or on a walk.

Emily

Tristan

They have adapted to their new learning situation very well and have overcome any challenges and problems presented to them with great enthusiasm and creativity.

### P3H

P3H have all been working really hard on a variety of tasks outside. They have been making different pieces of art out of things they have found outside. They have been very creative!

### P4M

P4M have been very busy throughout the year, achieving in their learning and putting in so much effort and motivation into their school work.

I had given the class the exciting task of going on a well-deserved holiday to Paris, looking at all the amazing landmarks and learning facts about them and Campbell made sure he would fit in with the locals, dressed as a local French Artist, as he set off on his Virtual Paris Trip!

My favourite memory of the School Year was where the children were working in teams, inventing a new home for an animal. They created amazing homes, including chicken coops, horse stables and barns.

You all continue to make Miss McDonald very proud! Well done P4M.

### P4G

P4G have been to Virtual Disney this week. They have been full of enthusiasm and have really enjoyed their adventure.

They have created weather forecasts; calculated the cost of meals; created their own rides; learned how to draw; visited other countries, joined in the parade and made Wanted Posters! They really have been busy.

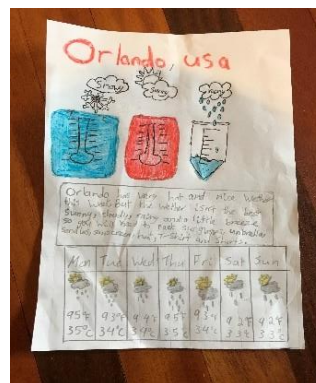

## **WANTED:**

Very scary monster wearing bright orange suit with green cuffs. He has a grumpy face that would scare you. He has two fangs that would cut you if you went near him and he has piercing eyes. He is bald with no hair. **SPECIAL QUALITIES:** Beware of this monster's fierce voice. He can be identified by his piercing voice and loud growl. He can move when no-one is looking. be sure to check everywhere! He could be anywhere near you. He has special powers and he can change his colours like he is in

**Raw is WANTED FOR 1 million pounds**

**Super Work from Jamie, Carley and Josh.**

## P5/4

P5/4 have been working hard with creating amazing poems on their experience of lockdown so far. Some very amusing and some very sad, but all have been brilliant to read. This one was created by Jacob Smith and made Miss Crawford very emotional. Great work P5/4!

### 2020 - The One Where I Turned 9 In Lockdown

*Well – where do I start  
A little story from the heart  
In March this year I turned 9  
At the start of lockdown time*

*Home schooling started  
I didn't have far to walk  
But what my mum & dad found out  
Is that I really like to talk*

*I have 8 assignments every week  
That I try my best to complete  
Some are easy, some are hard  
That make me go that extra yard*

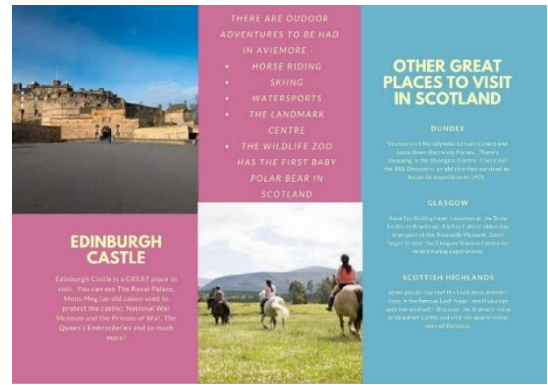

*After school I get my ball  
Hours & hours practicing against a wall  
I really miss my football games  
I guess I have COVID to blame*

*Not long now till were back  
I miss my friends that's a fact  
I'll try and enjoy my summer  
As this year so far has been a bit of a bummer.*

## P5C

P5C have worked hard on writing poems about lockdown. They all did a brilliant job trying to find rhyming words, writing about their experience of lockdown and some of the reasons why this happened. It was really hard to choose which to include.

We have also been learning about Scotland and how we make our money. One of the activities was to create a brochure to promote the tourist industry, highlighting some of the sights to see, foods to taste and traditions. Lily's brochure contained interesting information but also was formatted in a very professional way.

### Ben - Lockdown Poem

Homeschooling started and my Mum tried her best,  
But she is not as good as my teacher I must confess.  
Being with my family keeps me safe and well,  
But sometimes I feel like I'm living in a cell.  
An hour of exercise we are allowed everyday,  
Sometimes it takes my sad feelings away.

We clap on a Thursday for the NHS,  
To show them we know they are trying their best.  
Scientists are trying to find a cure,  
I am hoping for it soon but I am not so sure.

I wish it was over and it was all like before,  
I will make sure I see my family much much more.  
I will never forget the day the world changed,  
The memories I have will always remain.

### Lockdown by James Young

Lockdown's been good,  
We've had lots of fun,  
Playing football and Fifa,  
While Dad goes for a run.

Listening to music,  
Gardening and baking,  
Climbed Tappie, played lego,  
Did lots of craft making.

We've seen frogs, we've seen squirrels,  
We've seen birds in the tree.  
We looked after our caterpillars,  
Then set our butterflies free.

Walks round the village,  
Looking at windows,  
Seeing old folks waving and,  
Lots of beautiful rainbows.

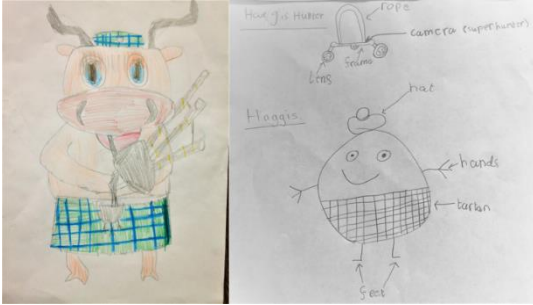

Cycles to Marshalls,  
For ice-cream and chips,  
Then home to relax,  
Watching "how to draw" youtube clips.

It's been difficult too,  
Coz we can't see our friends.  
Can't wait for our hamster,  
That we're gonna get when this ends.

Excited to hug,  
Granny and grandpa when we can,  
Then holiday in Banff,  
In the caravan.

## P5T

Miss Tocher has been truly blown away by the creativity, originality and inventiveness from everyone in P5T. They have been learning about and trying to answer the question - "How Does Scotland Make its Money?" They have learned about the economy, goods Scotland imports and exports and created travel brochures to boost tourism in our country and cities. But it was the challenge of designing a new Scottish product that really impressed Miss Tocher. The designs included: a musical highland cow toy; a remote

controlled Loch Ness monster toy called "Nessie-on-the-go"; haggis hunters; tartan paint; a bread dressing gown; Scotch beer; Scottish weather wipers for glasses; Brew Chew sweets; a tartan catapult McHaggis; a tartan unicycle; Irn-Bru perfume; a rugby ball hat; a solar powered tartan dog's coat; a pop-up thistle toy and so so much more! Everyone had to write or film a pitch for the dragons and calculate the making

and selling costs to work out their profits. Miss Tocher suspects there might be some future entrepreneurs in P5T! Despite the circumstances we have all been in, everyone is 5T has shown so much resilience and it has been wonderful to see their creativity bloom – Miss Tocher couldn't be prouder!

## P6C & P6L

Primary Six has been a brilliant year group to work with and the Kinellar Primary Six Team has achieved a lot together too.

One of the biggest achievements for Primary Six has been teamwork. The two classes have enjoyed learning together in lots of different ways: for PE, Literacy and Numeracy as well as Masterclass, but especially by enjoying trips and celebrating special events.

Masterclass Groupwork

Primary Six were invited to hear a famous speaker in

December. His name is William Kamkwamba and he is an inventor. He has had a book and a film made about some of his achievements called 'The Boy Who Harnessed The Wind.' We enjoyed listening to William Kamkwamba tell his story and answer our questions.

Meeting William Kamkwamba

He gave us excellent advice that everyone should remember: "Don't allow challenges to take away your dreams." Mrs Lovie, Mrs Connell and Miss Callander would like to thank Primary Six for being such great team players, it's been a pleasure to

Meet Oor Wullie!

work with you all! We would also like to wish Primary Six good luck as they move on to Primary Seven. Aim high just like William!

### P7A

P7's have been writing thank you letters and emails to people who have helped and supported them throughout their time in primary school. It has been lovely to see they have recognised the developments they have made and gained so many skills and memories along the way. We are very proud of all your hard work P7s, long may your success continue into academy and beyond.

Dear Kinellar, Primary,

I have enjoyed my time at primary school and I think I've learnt lots of things. My mum says I found P1 hard because I had to move to a new school suddenly. Because my brain is wired a bit differently being in a group can be a bit difficult to start but I like it a lot more now.

I have liked all the years at primary. Things I remember are:

- Playing with Lego in Mrs. Farquhar's office
- Doing Music with Mrs. Gibb in P3 and collecting the triangles
- Making a Viking longhouse (we need to find out where it is) from a box.
- Borrowing Mrs. Starnard's drawing book and then getting my own copy.
- I liked working with Mrs. Smith and hoped she would come back to school.
- I grew a plant from seed in P6. I brought it home and Mum planted it in the garden where it flowered. Mum said it was a phlox.
- Being a buddy with Sammy to Emmanuel from P1 when I was in P6.
- Working in a group to create a festival idea- Sunset Festival
- Trying new food at Christmas and Burn's Night lunches.
- Miss Adair giving me audiobooks-Wings of Fire
- Doing science experiments in P6/7.
- I enjoyed music lessons with all the instruments.
- I enjoyed masterclass
- I really enjoyed the book fairs

I think I have developed in:

- PE
- Art
- working on reading and quizzes,
- gardening and being outside
- playing games- really like Minecraft
- being able to do my shoelaces
- at working in a group (but is hard if other people don't listen to me).

I think I have got better at listening to other people during my time at primary school and do concentrate in class.

I would like to say thank you to everyone who has worked with me at Kinellar Primary, the teachers and the PSAs. I would like to say sorry for biting Miss Andrew in P2 but I was little. I have spent time with Mrs. Farquhar and really like her office. I really wanted Miss Smith to come back when she left. I would like to thank Dean for being a really good friend. I would like to thank Miss Connell and Miss Adair for a good P7 but I still want to go to Leodick Muir.

Thank You

Yours sincerely

Ash MacBride

### P7D

Ewan B

Carah S

Matthew H

Rebecca T.

Connor W.

Reuben G. |

P7D have shown great adaptability and resilience this year and have been excellent online learners. They have become adept online communicators and have been supportive of one another as they worked through challenges. They have all participated in online transition activities for the academies they will be attending. The above examples are just some of the excellent creative activities that they have completed in lockdown, art inspired by nature and recreating famous works of art. We wish them all the very best on their new adventures at Academy and hope that we get to hear from them in the future how they are getting on.

### Mrs Milne – Play Based Learning

Primary 1-3 have been very busy Learning through Play. They have made treasure maps, toilet roll characters, obstacle courses, completed jigsaws and made funny faces. Some children had a go at making Cloud Dough, it was

a little messy but lots of fun! Mrs Milne has enjoyed seeing all the photos that have been shared. There has been lots of collaborative learning, problem solving and imagination used through the tasks. Well done everyone!

## Miss Singer

Miss Singer has been continuing to work hard to support children, families and staff with technology and online working. She is now becoming an expert in making help videos on her laptop and mobile devices to send to people who are having difficulties. Miss Singer is glad she had spent time with the classes in school in terms 1, 2 & 3 exploring Glow and Office 365 on the laptops. She has been impressed with the online activities on Teams and hopes the children were more confident working with Glow, Office 365 and Microsoft Teams because of the practice they had in school. Miss Singer would like to remind everyone about regularly practising touch typing skills by accessing the Digital Literacy SharePoint Tile on the Glow Launchpad.

Miss Singer has also been updating the useful resources for parents on this [Internet Safety Website](#)

## Mrs Duckers

With P2M, P3G, and P3H, I have been sharing stories with them from various sources. Some are religious stories from Christianity, Buddhism, and Hinduism, while others are moral stories. Ronnie, Joseph, Tristan, and Owen have done a wonderful job investigating these stories and figuring out the important lessons we can learn from them.

Ruby, Sammy, and Harris B have worked hard to display their learning in these areas.

During my time working with the P7s, we have looked at several maths concepts. The 3 that I am highlighting here are graphing, coordinates, and

## PSAs

Mrs Connell has written another poem:

We were working at Kinellar when Covid came and from that day, we knew life just wouldn't be the same.

Self-isolation became the name of the game, an invisible germ, we struggled to contain.

Everyday jobs were becoming harder to do, With everyone stuck in the house, it felt more like a zoo.

Trips to the supermarket needed courage and might, but when we go there – there was nothing insight. The hoarders had been and stripped shelves clean who would have thought people could be so mean? To take more than they needed or could possibly use, left some of us crying and feeling less than amused.

We've washed our hands until they were red and sore

Covid 19 has shook us to our core.

With social distancing, we became spatially aware, don't cough outside cause people with stare.

New skills were needed to help the children online we knew we could do it, we knew we would shine. Thank goodness for Teams, it's worked out just fine, when this is all over – we'll be on cloud nine.

So, what have we learned from this horrid disease?

Will we go back and do as we please?

This horrid disease has taken its toll – note to myself – need more toilet rolls.

## Virtual Sports Day

Virtual Sports Day was a huge success! It was great to see so many families taking part and having fun together.

Thank you to KSPC for putting a fantastic video together for us!

## P7 Leavers

Our P7s this year have been very resilient in the face of changes and disappointment. It is not the send-off we would have hoped to give them, but they have dealt with this in a mature and understanding manner. We wish them all the best in their transition to S1 at Kemnay, Inverurie, Hazlehead, Westhill and beyond.

## End of Year Awards

Our annual prize presentation is available on the whole school team. Please check it out. Congratulations to all our winners.

### **Middler Cup for Staff Co-operation**

Oluwaseun Obayomi

### **Louise Mather Cup for Caring for Others**

Eliana Umoh and Phoebe Gray

## Pupil Leadership Team

Our Pupil Leadership team for 2020-2021 consists of four Head Pupils and ten House Captains, two from each house. Thank you to the parent council representatives who helped in the application process.

### **Head Pupils**

Jake Kinghorn, Isla Barclay, Erin Smith, Kyle Masson.

### **House Captains**

Begsley: Ireyan Onaivi-Aribilosho and Matthew Horrocks

Caskieben: Amy Deans, Catarina de Brito

Clinterty: Aston Harvey, Aaron Paterson

Glasgoforest: Niamh McGrory, Declan Gillies

Tappie: Isla Dewar, Finlay Donald-Bruce

### Staff News

Mrs Stannard and family are delighted to announce the safe arrival of baby Levi. Levi was born on Saturday 6<sup>th</sup> June weighing 7lb 14. They are settling into life as a family of four. Congratulations!

### Mrs Paterson

We are delighted to announce that Mrs Paterson is expecting her second baby. She will be going on Maternity leave at the October break. Congratulations!

### Mrs Duckers

We would like to wish Mrs Duckers and family all the best as they embark on their move back to Canada. Mrs Duckers has been an asset to the school and will be missed by us all here at Kinellar. However, we know that her family are delighted that they will be much closer to them. Good Luck!

### New Staff

We are delighted to Welcome Miss Amy Logan to the Kinellar Team! Miss Logan has been in school this week getting her classroom set up and getting to know the team. She will be teaching P6/5L. Welcome to Kinellar!

We are also delighted to welcome Miss Erica Milligan EYP to our nursery team. She has been learning lots about the nursery and is excited to meet the boys and girls in August.

### Classes

Please see the classes and teachers for next session below:

P1H – Mrs C Moore and Mrs C Hendry

P1M – Miss C Morrison and Miss K Hay

P1P – Miss A Pollard

P2A – Miss F Adair

P2C – Miss C Crawford

P3L – Mrs C Lofthouse

P3M – Mrs E Martin

P4G – Mrs J Gibb

P4H – Miss A Hammond

P5G – Mrs J Garden

P5M – Miss M McDonald

P6/5L – Miss A Logan

P6C – Mrs K Clark and Mrs J Templeton

P6T – Miss J Tocher

P7C – Miss J Callander

P7L – Mrs J Lovie

SMT – Mrs Davies, Miss Morrison, Mrs Stannard (on maternity leave) and Mrs Farquhar.

Other core teaching staff – Miss Singer, Mrs Milne, Mrs Paterson, Mrs Davies, Ms Kasim.

Nursery Team – Mrs Nicol EYSP, Miss Burgess EYLP, Mrs Shiach EYP, Mrs Gillies EYP, Miss Milligan EYP, Mrs McKeown EYP and Mrs Genus Graduate Apprentice.

ASL – Mrs Keith, Miss Smith, Mrs Aspey, Mrs Pirie and Mrs Smith.

PSAs – Mrs Connell, Mrs Duguid, Mrs Greig, Mrs Meikle, Mrs Piggott, Mrs Turriff.

Admin Team – Mrs Masson, Mrs MacDonald, Mrs Kaczmarek.

Janitorial – Mr Bisset and Mr Williams.

Catering Supervisor – Ms Matthews.

We will Issue a newsletter week beginning 10<sup>th</sup> August which will detail the arrangements for lining up and entering the building.

## Parent Council

We would like to take this opportunity to thank KSPC for their support over the past few weeks. They have been integral in the return to school planning process. Additionally, they have supplied us with some resources to ease the transition back to school.

## KSPC Rocks

KSPC Rocks are back! You will find the snake down at the burn. Please add a paint stone and make him grow.

If you go down to the Burn today,  
You're sure of a big surprise,  
If you go down to the burn today,  
You'd better go in disguise,  
For ev'ry child that ever there was,  
Will gather there for certain,  
Because today is the day the  
KSPC rocks snake has started!!!

Check out [KSPC ROCKS Facebook](#) page

## Soft Start

Aberdeenshire Council have made the decision to have a 'soft start' to welcome children back to school if the decision is made by the Scottish Government to return **full time**.

We feel strongly that this will be of great benefit to the children. For some adjusting to the routines of school again will be challenging. Some will understandably be anxious about returning. This soft start will ensure the children can settle in smaller groups before the whole class return.

Mon 10 <sup>th</sup> Aug	Inservice Day
Tues 11 <sup>th</sup> Aug	Inservice Day
Wed 12 <sup>th</sup> Aug	Groups A & B
Thurs 13 <sup>th</sup> Aug	Groups C & D

Fri 14 <sup>th</sup> Aug	Groups E & F
Mon 17 <sup>th</sup> Aug	P2-7 return full time

Please note that the arrangements for Primary 1 will remain as previously communicated.

## Uniform

Many of you will be buying new uniform, shoes, pencil cases etc. over the summer break. Please ensure everything is labelled as to limit the volume of lost property.

Kinellar School Parent Council (KSPC) have teamed up with MyNameTags.com - a company who make and supply coloured stickers for labeling all your children's items

from jumpers and shoes to pencils and water bottles. They have an affiliated link and if you wish to purchase a pack of stickers 24% of your order (at no extra cost to you) comes back to KSPC.

If you wish to place an order, please click on the link below, design your stickers and enter the School ID: 21871 when you reach the checkout. If this code is not used KSPC will not be credited

[www.mynametags.com](http://www.mynametags.com)

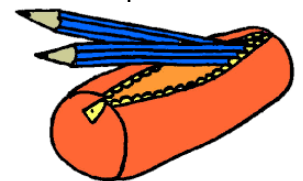

We would like to take this opportunity to remind all parents and children that uniform is strongly encouraged including black shoes.

Jewellery should be kept to a minimum and long hair tied up wherever possible particularly for sporting activities.

## Resources

We would kindly like to request that each child arrives at school in August with a pencil case of their own resources. This will help us limit the number of shared resources in each classroom.

The guidance we will be given with regards to social distancing and the sharing of resources will vary depending on the phase we are in by August.

The pencil case should contain:

- Writing pencils
- Coloured pencils and or pens
- Ruler
- Eraser
- Sharpener
- Glue stick
- **NO SCISSORS OR COMPASS SET**

### Catering Arrangements

For the return in August different catering arrangements have been made for the first 2 weeks of term. School dinners will be operating but on a reduced menu. The menu will contain 1 Hot and 1 Cold option. You are still welcome to send your child with a packed lunch if you wish.

Please see the menu attached to this email.

encourage you to access our digital library and read, listen and share books, it will also provide you with exciting sport, physical, arts, craft, outdoor challenges linked to themes such as fantasy island, big read picnic and so much more.

The Challenge will start on **Monday 22<sup>nd</sup> June** and will run until **Saturday 22<sup>nd</sup> August 2020**. Alongside the reading challenge, there will be a

creative competition for children to enter as in previous years, see entry form.

Here is the link to a short promo video to the Challenge.

All meals will be served with a mini homemade bread roll and a bag of vegetable sticks

### Summer Reading Challenge

Summer Reading Challenge is completely different this year as it isn't just about reading! The challenge is fully accessible online for you to enjoy in the comfort of your home, garden or local area, all you have to do is register. By simply signing up online we will take you on a journey filled with fun, fantasy and action packed activities for children and families of all ages and interests. It will not only
